## Chairman's Statement

### Dear Shareholders,

It's a great pleasure to present our annual report to you all as we close yet another eventful year for your company.

### Mobile devices drive the next wave of growth for internet in India

Mobile handsets have always played an integral role in the socio-economic development and transformation of a country, opening new channels of communication and transaction for the general public. Reduction of handset prices and increased affordability of data services have spawned a huge mobile internet population in India, thereby opening up a parallel mobile internet economy through e-commerce and mobile apps. Apart from serving primary communication needs, mobile phones now are being used for e-commerce and banking transactions, payments, social networking, messaging and as multimedia tools.

As per a recent industry report, India is now the third largest smartphone market in the world and the fastest growing market in Asia Pacific, slated to reach 314 million mobile internet users by 2017. Currently, more than 65% of the total internet users in India access the internet through their mobiles, surpassing even China and United States' mobile internet population. Even though India has the third largest internet population globally, the overall internet penetration in the country stands at only 19%, compared to 46% in China and 86.8% in the United States. This presents a significant opportunity for growth of mobile internet, especially in the rural section of the population. This segment can

be addressed by the introduction of ultra-low cost smartphones with vernacular interfaces and content.

### Market Dynamics: Smartphones driving mobile internet economy

According to the Indian Cellular Association, the Indian handset market is projected to reach an overall volume of over 305 million handsets in 2015 and smartphone sales are projected to touch 200 million handsets by 2020. According to a mobile consumer survey conducted by Deloitte, almost 64% of the respondents are likely to purchase a smartphone over the next 12 months.

The mobile landscape in India is steadily shifting towards smartphones, aided rapidly by the availability of high quality smartphones by Indian handset manufacturers and the rollout of 3G services across India. Smartphones offer a compelling user experience through access to social media, e-commerce, multimedia content, emails and internet. Entry of smartphones has diversified the revenue streams for telecom players, enhancing their data revenues significantly over the past few years. Adoption of 3G services has increased exponentially in the country, with preparations underway for the rollout of 4G services this year.

The primary driver for the growth of smartphones in the last few quarters has been an increasing proliferation of mobile apps for social networking, instant messaging, gaming, lifestyle and e-commerce. According to a Deloitte report, about 9 million apps will be downloaded in India in 2015, more than 5 times the number of apps downloaded in

## Chairman's Statement

2012. E-commerce firms are observing more than half of their traffic being generated from mobile apps, as is also the case for aggregator services across transport, grocery delivery, healthcare etc. These fast rising internet companies are driving big valuations, confident of future market potentials aided by the forecasted increase in mobile internet penetration in the country, forming the backbone of their revenue models. According to the report, Indians are spending an average of 3 hours and 18 minutes daily on their smartphones and one third of this time is spent on mobile apps. This growing trend is likely to drive the next wave of smartphone growth across the country.

In spite of India's handset market growing at a robust rate, almost 83% of the demand is met via imports, while domestic production and manufacturing continues to lag behind the growing demand. In view of this exponential growth, it has become imperative to support local manufacturing and assembly of mobile phones in order to increase job creation and enhance savings on foreign exchange. The Government of India has launched an aggressive Make in India program to encourage domestic manufacturing and with mobile devices playing an important role in achieving the dream of Digital India, it is imperative to introduce favourable policies and taxation regimes for local manufacturing of mobile phones.

Leading VAS (Value Added Services) companies are now evolving into full-fledged internet companies from the SMS and CRBT services offered earlier. The industry is seeking to offer convenient and customized

services and spread across MCommerce, MHealth, social networking, video streaming and enterprise VAS solutions. According to an industry report, the MVAS (Mobile VAS) market is expected to almost double to USD 9.5 Billion by 2015.

### A look at last year

The company has focused strongly on increasing revenues in the past one year through various initiatives such as enhancing the product portfolio in mobiles and mobile retail, simplifying the distribution structure and enhancing reach across the country.

Spice Mobiles has focused on enhancing the smartphone portfolio in the entry level segment targeting first time smartphone buyers upgrading from feature phones to smartphones especially in Tier II and III cities. In recognition of our efforts, we were ranked the second most trusted Indian mobile brand by the Brand Equity annual survey 2014, conducted by the EconomicTimes publication and also won the prestigious Golden Peacock award in the same year.

In the last year, the company also entered into a strategic partnership with Google to launch India's first truly Hindi Android one smartphone in India - Dream Uno H, focusing on the large Hindi speaking population in India. The company is planning to focus strongly on the sub-Rs 5,000 segment to enhance its market share and target first time smartphone buyers. The company also announced its investment plans to set up a local assembly unit for mobile phones, with the company currently working on plans for setting up the same in the coming year.

## Chairman's Statement

Spice Retail continued to focus on successfully positioning itself as a key destination for smartphones, through brand partnerships with leading mobile companies. With growing proliferation of online retail in the segment, the company has decided to adopt an Omni-channel approach by being present across channels to serve customers as per their demands. The company is also actively engaging customers through visible business promotion and consumer centric activities.

Spice Digital continues to focus on growing its partnerships with leading Telco players in high growth emerging markets across India, Middle East, Africa and Latin America and has also acquired three companies in the last year to enhance its service portfolio and market share within the Telco services domain.

### **Future Outlook**

The mobility sector in India is one of the fastest growing consumer segments in the country and will continue to grow steadily over the next decade, thus offering a strong market opportunity and future outlook for Spice Mobility. With our integrated network spanning devices, distribution, modern

retail, online presence and VAS, we are well positioned in the Indian mobile landscape to grow our business and enhance revenues and profitability for our shareholders.

Experts are already predicting that India will soon become the largest mobile phone market in the world owing its growing population and young demographics. With a young and contemporary product range and expansive distribution reach, we are confident of growing the company steadily to scale new heights.

I invite you all to join our exciting journey ahead redefining the landscape of the Indian mobility segment. I would like to thank all our customers, employees, partners, and most importantly you, our shareholders for your continued support and trust in our company, and in our business and strategic undertakings. I look forward to an exciting and successful year ahead and thank you for your continued patronage.

With Best Wishes,

**Dilip Modi**

## BOARD OF DIRECTORS

**Mr. Dilip Modi**  
Chairman

Mr. Dilip Modi was appointed to the Board on 21<sup>st</sup> August, 2006 as Director and has been Chairman of the Company since 18<sup>th</sup> February, 2014.

Mr. Dilip Modi is one of India's most successful young entrepreneurs and has pioneered several new technologies in the mobility and technology sector in India. As a young entrepreneur, Mr. Modi is passionate about creating usable and affordable technologies that can help improve lives of people across Asia and Africa. Driven by his firm belief that technology can become a key enabler for achieving inclusive growth in the country, his group's current business interests in the Mobility space exemplify this vision by creating affordable mobile internet products and services that enable the masses to access the latest technology.

In the last two decades, he has created a strong portfolio of businesses within the mobility and technology sector, starting from successfully launching India's first mobile service – Modi Telstra in 1995 that also hosted the very first mobile phone call made in India. After a successful divestment of Modi Telstra in the year 2000, he launched Spice Communications in Punjab and Karnataka, which soon became one of the most valuable and enduring brands in the two highly profitable mobile markets of the country.

As Chairman and Group CEO of Spice Connect, Mr. Modi leads the group's businesses spread across Asia and Africa in the mobility space. His group companies in India include

Spice Mobiles (Leading Indian mobile manufacturer), Spice Hotspot (Mobile retailing), Spice Digital (Mobile Value Added Services arm), Sunstone Education and Sunstone Capital. Internationally, the group includes Spice Africa, Cavu Group in Singapore and Selular Group in Indonesia.

Mr. Dilip Modi has also been closely involved in industry forums and has held the position of Chairman of the Cellular Operators Association of India (COAI) and has also had the honour of being the youngest ever President of ASSOCHAM (Associated Chambers of Commerce), working on key industry programs such as "Making Inclusive Transformation Happen". His efforts in the industry were duly recognized as he was conferred the "Youth Icon Award" by the Gujarat Chamber of Commerce and Industry.

As an entrepreneur himself, Mr. Modi is committed to creating an inclusive society by empowering young entrepreneurs. This is the philosophy behind the Ek Soch Foundation, a dedicated effort to create an ecosystem for promoting inclusive growth through "Innovative Entrepreneurship" supported by Mr. Modi. The foundation offers a platform of resources and mentorship to skill local young business aspirants and scale up their potential to promote self-sustaining entrepreneurship with a social impact.

An alumnus of the prestigious Imperial College in London, Mr. Modi completed his Master's in Business Administration with a specialization in Finance. He also holds a First Class Bachelor of Science Degree in Management Technology from Brunel University, London.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### I. INDUSTRY SCENARIO & OPPORTUNITIES

Telecom services have been acknowledged globally as an essential tool for the socio-economic development of a nation. India is currently the world's second-largest telecommunications market and has registered exceptional growth in the past few years. The Indian mobile economy is growing rapidly and is expected to contribute approximately US\$ 400 billion to India's gross domestic product (GDP) in the coming years, according to a report prepared by GSMA in collaboration with BCG. The rapid strides in the telecom sector have been facilitated by liberal policies of the Government of India that provide easy market access for telecom equipment and a fair regulatory framework for offering telecom services at affordable prices. The deregulation of foreign direct investment (FDI) norms has made the sector one of the fastest growing in the country and amongst the top five employment opportunity generators in the country. The reduction in handset prices and increased adoption of 3G services by Indian consumers has led to a phenomenal growth in data services using smartphones. More and more smartphones with better specifications are now readily available at low prices, which have presented consumers a wide variety of options.

Your company has 2 distinct business segments, Handset and Value added services. The Handset business is further divided into two units - Devices and Hotspot Retail. Devices business unit is engaged in marketing and distribution of Spice branded handsets at various price points across the country and Spice Hotspot is a multibrand chain of retail stores specializing in retailing mobile handsets and tablets, for all leading brands like Samsung, Nokia apart from Spice Mobile phones. Spice Digital Limited (including subsidiaries) provides Value Added Services on mobile platform through telecom operators and directly as well.

#### A) Handset Business Division

##### Devices Business Unit

The handset market in India has grown steadily over the past few years and with the entry of several domestic handset manufacturers in the sector, the Average Selling Price of mobile phones has been rapidly eroded. Domestic brands have redefined the market landscape, wherein high quality smartphones with superior product specifications that were available at higher price points earlier from foreign brands are now available at considerably lower prices from the domestic brands. Overall the market is showing an increasing growth trend towards smartphones over feature phones.

As per Strategy Analytics, India will overtake the US to become the world's second largest smartphone market by 2017. Global Smartphone Sales are estimated to grow from 1.5 Billion in 2015 to 1.7 Billion handsets by 2017. Total handset sales in India stands at around 120 Million in 2015 and is expected to reach 175 Million by 2017. The smartphone sales growth in India is driven by the current low smartphone penetration in the country and the growing demand for entry-level smartphones and increased buying power of the burgeoning middle class. At present, feature phone users constitute around 68% of overall mobile phone users in India. Your company is poised to grow big in the smartphone market, while at the same time consolidating its position in the feature phone market. Your company's vision is to create a strong brand among the mid-end consumers in smaller towns and cities of India. In this regard your company has transformed and simplified its distribution structure from the previous 3 layer structure to a leaner and efficient 2 layer structure covering almost 20,000 retail outlets across India. Considering the huge untapped market opportunity in the sub \$100 phone segment, your company is strongly focused on this segment and aims to become one of the biggest players in this high potential market segment.

**Exchange rate Impact:** Because of US \$ fluctuations against Indian rupee, the whole industry is trying to readjust the pricing to recover cost increases due to the volatility in Indian Rupee value. As all our handsets are imported in US \$ thereby increasing our buying costs, a moderate price increase is inevitable and a small level of margin erosion is expected. The company is aware of this risk and is trying to improve operational efficiencies to compensate some parts of this margin erosion.

**Make in India Initiative:** The Government of India has been trying to encourage domestic manufacturing of electronic goods in view of the large domestic market being serviced mainly by imports. India imported almost \$37 Billion worth of telecom instruments, computer hardware and peripherals, electronic instruments, components and consumer electronics goods in FY 2015, showing a 14% rise over FY 2014. The Government of India has also imposed a countervailing duty amounting to 12.5% on all mobile imports in the country. Your company is exploring different possibilities to set up a local assembly unit to counter the effects of this increased duty structure. This is expected to provide clear tariff advantages of 10.5% to local manufacturers.

##### Retail Business Unit

The entry of online retail in the handset retailing segment has redefined the business dynamics, with rapid availability of all products online and often at better price points than modern retail. The organized modern retail segment however offers clear advantages over online retail, such as a superior first hand product experience and improved customer service. In order to meet the changing demands of customers exposed to online retail, your company has decided to adopt an Omni-

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

channel approach to meet growing customer needs such as faster delivery times and availability of mobile accessories. About 900 handsets were launched in 2014 and more than 1700 handsets are expected to be launched in 2015, thereby enhancing the consideration set available for customers. Keeping this in mind, it will become increasingly important for customers to get first-hand experience of mobile phone products.

With regular business promotions and consumer centric activities, brands are focused on enhancing their business revenues through modern retail outlets. Your company has built its own Omni-channel platform to integrate its retail operations with a robust and interactive online channel. Thus, your company will focus on providing customers a high quality experience with on-demand product availability. As an ongoing operational process, we continue to focus on profitability by shutting down non-profitable and non-viable stores and opening new stores in better locations.

### B) Value added Service – VAS

Telecommunications is one of the prime support services needed for rapid growth and modernisation of various sectors of the economy. The growing smartphones and tablets market in India has led to an increased demand for MVAS and has opened new growth opportunities for telecom players, content related players and mobile manufacturing players in the market. Driven by increased data consumption on handheld devices, the total mobile VAS market revenue in India stood at US \$ 29.8 Billion in 2014 and is expected to reach US \$ 37 Billion in 2017, registering a compound annual growth rate (CAGR) of 5.2%, according to research firm IDC. The recent roll out of 4G technology is expected to further drive data traffic in the coming years.

We are pleased to share that your Company has expanded its reach to over 30 Countries, with 5 new countries added to our portfolio this year. We have also launched new services called Mojo voice, Learn French and Mobile Ticketing. With an objective to provide services directly to consumers, your company has launched a new Music App “Miziiki” and a Digital advertising App “FreeB” this year, enabling the company to enlarge its services portfolio.

We are pleased to share that Spice Digital has also received a semi-closed pre-paid payment wallet license from the Reserve Bank of India (RBI) on 9th April, 2015, valid up to 30th June, 2020. This will open up new opportunities for your company in the fast growing mobile wallet space in India. Spice Digital Limited has also become an active player in the Mobile Internet space showing substantial growth in the WAP business across all operators in India. We also introduced an App Distribution platform called “FreeB” which has already reached over 1 Million downloads in a short span of time since launch.

Your company has also invested in several companies in the VAS segment to enhance its service offerings. Recently, Spice Digital has acquired a 26% Equity stake in Bangalore-based start-up Vavia Technology Pvt Ltd., focused on developing internet based technology products.

In January 2015, Spice Digital also acquired a 38.53% Equity stake in Noida-based online education provider - Anytime Learning Private Limited (now known as Sunstone Education Private Limited) and consequently the company has now become an Associate Company of Spice Digital Ltd.

Spice Digital also acquired a 26% Equity stake in start-up technology firm Creative Functionapps Lab Private Limited in July 2015. The company is engaged in the development of Data and Network based products and services primarily for Telecom Operators.

## 2. Product/Service Performance

**Device Business** - The Company has enhanced its smartphone portfolio as per customer demands through a focus on offering superior product features at competitive prices for customers, wherein we have observed a 100% increase in demand over last year.

With a growing product portfolio and slew of new launches last year, your company decided to categorize smartphone in different segments. XLife series is our new Smartphone range offering extra features to customers at prices similar to competition, Champ series is our new Feature phone series offering low-cost handsets to consumers, while our Power series is a new Feature phone series offering efficient solutions for extra battery life in power-deficient regions in the country. We have observed a growing acceptance for all these products from our customers across India.

**Retail Business** - The Company focused on identifying and closing down 25 inefficient stores which could not be turned around even with new products and up-gradation, and we opened 7 new stores in more profitable locations that have shown great results. Building on our Omni-channel platform, we have integrated our supply chain with our online offerings, thus providing a unique boutique of products to consumers.

### Business Review

Spice Mobility has changed its accounting year to bring it in sync with existing norms. Thus, below mentioned business performance is for a period of 9 months.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

At Spice Mobility group level, the company achieved a Consolidated Revenue of Rs.16,043 Million for nine months ended March'15 against the revenue of Rs. 21,273 Million in the previous year (12 months ended June'14). EBITDA loss at the group level was Rs. 378 Million against profit in previous year Rs. 332 Million. Correspondingly, profit after tax came down to a loss of Rs. 3,064 Million from a loss of Rs. 276 Million for the previous year. EBITDA loss was on account of inventory pileup of devices in the last quarter; which had to be cleared at a heavy loss, a one-time distribution correction of changing the structure from credit to cash-and-carry, changing the distribution structure from a 3 layered to a 2 layered system and bringing down distributor stock levels from 1000 Million to 500 Million. This was a one-time correction and this structure will create a very strong foundation for your company to grow profitably in the future.

### Business Outlook

Smartphone sales growth in India is driven primarily by the low smartphone penetration, a growing demand for entry-level smartphones and the increased buying power of the Indian middle-class. With new product offerings in the Feature Phone segment (Champ Series and Power Series), the company is expecting to gain a significant market share in this segment. As Smartphone penetration currently stands at about 19% of the Indian population, the company will focus on offering sub INR 4,000 handsets targeting entry-level customers while offering best in class product features.

Because of the high inventory pileup of highly priced smartphones, your company has taken a lot of strategic decisions to avoid a similar situation in the future. Not only has the company brought the entire distribution channel on a cash-and-carry model, but it has also decided to focus on sub INR 4,000 smartphone segment targeting Tier-2 and Tier-3 markets. Also, the company has placed paramount importance on launching new products with the correct price and feature combination, and the new and revamped team has put in tremendous efforts and skill to launch products based on intensive consumer surveys, market research and market demand.

We have made significant changes in our team to create a strong and robust team of high performers, also realigning our focus on providing quality services to consumers and enhancing their user experience. Inventory levels at channel partners have been reduced to 21 days, which is a good standard as per existing industry norms; thus increasing channel satisfaction as well.

In VAS, we are continuing to focus on growing our successful International business and introducing new services which are non-operator based to diversify our revenue mix. The money remittance business has seen good growth this year and with a new PPI license in place, we are gearing up for enhancing our service base and achieve improvements in margins. The Enterprise segment has also shown good progress specifically in the Enterprise SMS and Call centre Services orders and our travel business has also grown significantly and is well placed for future growth.

### Sales and Distribution

As per recent changes, your Company has focused on reducing the time gap for product availability at a retailer level. In order to achieve this, we have increased our distribution channel by 300% year on year. Now, we have over 350 distributors, 200 mini distributors and coverage across approximately 20,000 retail counters slated to reach 30,000 soon.

With focus on Rajasthan, Uttar Pradesh and MP (key feature phone markets), we have enhanced our distribution reach with more than 60 distributors in place to cater to Tier-4 and beyond towns.

In the retail segment, after the ongoing closure of unviable stores, the company ended the year with 289 retail outlets. Your Company has decided to focus on the top 9 cities in India; which cater to more than 35% of the overall Smartphone market in India.

### After Sales Service

After sales service is a special focus area for us to further strengthen our support catering to customers' needs and in view of the same we have enhanced our network to cover with over 550 service centres apart from the 8 regional workshops.

### INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Corporate governance is always been a high priority for your Company and the company has ensured measures to give full access and visibility of all details to the independent directors. As has been the practice in the previous year, the senior most member of the Board heads the audit committee and the board gives a lot of importance to the recommendations made by the Audit committee and implementation is ensured in letter and spirit.

Evaluation of internal systems and adherence is ensured through the duly appointed internal auditors, directly reporting to the Audit Committee. The internal auditors are responsible for undertaking regular reviews and the management responses are discussed and also shared with statutory auditors.

In line with the size and scale of operations of the company, the company has well set processes and procedures for planning, review, revenue recognition, expenses authorization, capital expenditure approval, risk management, investments etc.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### 3. FINANCIAL PERFORMANCE

### NOMINATION AND APPOINTMENT POLICY

This Nomination and Appointment Policy is being formulated in compliance with Section 178 of the Companies Act, 2013 for appointment of a person as Director of the Company. This policy has been formulated by the Nomination and Remuneration Committee and has been approved by the Board of Directors of the Company.

#### Objective :

The objective of the Policy is to identify persons who are qualified to become Directors, their appointment on the Board, Term/Tenure of a director and removal thereof on the basis of criteria laid down by the Nomination and Remuneration Committee.

#### Definitions:

1. **Act** means the Companies Act, 2013 and Rules framed thereunder as amended time to time.
2. **Board** means Board of Directors of the Company.
3. **Directors** mean Directors of the company.
4. **Committee** means Nomination and Remuneration Committee of the Company as constituted by the Board from time to time.
5. **Independent Director** means Director appointed as such in accordance with the provisions of the Companies Act, 2013 and applicable Rules and Regulations and Clause 49 of the Listing Agreement, including amendments thereto.

#### Nomination and Selection of Directors

1. The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director. A person should possess adequate qualification, expertise and experience for her/ his appointment as Director of the Company.
2. The Committee on the basis of criteria laid down by it, shall recommend to the Board, the appointment of new Director of the Company.
3. The Company shall not appoint or continue the employment of any person as whole-time Director who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of Seventy years with the approval of shareholders by passing a special resolution.
4. Appointment of Independent Director is subject to compliance of provisions of Section 149 of the Companies Act, 2013 read with Schedule IV and Rules thereunder and Clause 49 of the Listing Agreement.

#### Term/Tenure of a Director

##### 1. Managing Director/Whole time Director:

The Company shall appoint or re-appoint any person as its Managing Director or Whole time Director for a term not exceeding 5 (five) years at a time. No re-appointment shall be made earlier than 1 (one) year before the expiry of term.

##### 2. Independent Director:

An Independent Director shall hold office for a term upto five consecutive years on the Board of the company and will be eligible for re-appointment on passing of a special resolution by the Company.

No independent Director shall hold office for more than two consecutive years, but such independent director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an independent Director shall not, during the said period of three years, be appointed with the Company in any other capacity, either directly or indirectly.

#### Evaluation

The Committee shall carry out the evaluation of every Director at a regular interval (yearly) on the basis of criteria framed by the Committee.

#### Removal

The Committee may recommend to the Board with reasons recorded in writing removal of Director, subject to the provisions and compliance of the Companies Act, 2013, Rules and Regulations made thereunder.

#### Retirement

The Director shall retire as per the applicable provisions of the Act and the prevailing Policy of the Company. If permitted under law, the Board will have the discretion to retain the Director in the same position / remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

#### Policy Review

The Board may review this policy from time to time on the recommendation of Nomination and Remuneration Committee.

### REMUNERATION POLICY

#### Introduction

This Remuneration Policy ('Policy') is being formulated in terms of section 178 of the Companies Act 2013 and of Clause 49 of the Listing Agreement with the Stock Exchanges which provides that all the listed companies having Nomination and Remuneration Committee shall formulate and recommend to the Board a Policy, relating to the remuneration for the directors, key managerial personnel and other employees.

The Policy is designed to attract, motivate, improve productivity and retain manpower, by creating a congenial work environment, encouraging initiatives, personal growth and team work, and inculcating a sense of belonging and involvement, besides offering appropriate remuneration to them. It reflects the Company's objectives for good corporate governance as well as sustained long term value creation for shareholders.

#### Applicability

This Remuneration Policy shall apply to all present and future appointment of Directors, Company's Senior Management including Key Managerial Personnel and other employees.

#### Guiding principles

The remuneration and the other terms of employment should effectively help in attracting and retaining committed and competent personnel. The Policy is aimed to ensure that :-

- (a) the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the company successfully;
- (b) relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- (c) remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goals.

While designing remuneration packages, industry standards and cost of living shall also be taken into consideration.

Any departure from the policy can be undertaken only with the approval of the NRC and the Board of Directors of the Company.

#### Definitions

- (i) "Senior Management":- The expression "senior management" means personnel of the company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, including the functional heads.
- (ii) Key managerial personnel" means—
  - (i) the Chief Executive Officer or the managing director or the manager;
  - (ii) the Company Secretary;
  - (iii) the Whole-time director;
  - (iv) the Chief Financial Officer; and
  - (v) such other officer as may be prescribed.

## INDEPENDENT AUDITORS' REPORT

### To the Members of Spice Mobility Limited (formerly known as S Mobility Limited)

#### Report on the Financial Statements

We have audited the accompanying financial statements of **Spice Mobility Limited** (formerly known as S Mobility Limited) ("the Company"), which comprise the Balance Sheet as at 31 March 2015, the Statement of Profit and Loss, the Cash Flow Statement for the period then ended, and a summary of the significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2015, and its loss and its cash flows for the period ended on that date.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by the law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

## INDEPENDENT AUDITORS' REPORT

- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31 March 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 26 to the financial statements;

## INDEPENDENT AUDITORS' REPORT

**Annexure A referred to in paragraph I under the heading "Report on other legal and regulatory requirements" of our report of even date**

**Re: Spice Mobility Limited (formerly known as S Mobility Limited) ('the Company')**

- i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Fixed assets have been physically verified by the management during the year in accordance with a planned programme of verifying them once in two years which, in our opinion is reasonable having regard to the size of the Company and the nature of assets. No material discrepancies were identified on such verification.
- ii) (a) The Company's business does not involve inventories and, accordingly, the requirements under paragraph 4(ii) of the Order are not applicable to the Company.
- iii) (a) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a) and (b) of the Order are not applicable to the Company and hence not commented upon.
- iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of fixed assets and for rendering of services. The activities of the Company do not involve purchase of inventory and the sale of goods. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Company in respect of these areas.
- v) The Company has not accepted any deposits from the public.
- vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under clause 148(1) of the Companies Act, 2013, for the products/services of the Company.
- vii) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, value added tax, cess and other material statutory dues applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty, value added tax, cess and other material statutory dues were outstanding, at the period end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, value added tax and cess on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount Rs. ('000)	Period to which the amount relates	Forum where dispute is pending
Central Excise Act, 1944	Demand for excise duty including penalty	64,263	1990-91 to 1993-94	CESTAT, Delhi
Foreign Trade (Development and Regulation) Act, 1992	Penalty on account of non-fulfilment of export obligation	40,860	1991-92	High Court, Delhi
Income Tax Act, 1961	Demand for income Tax on certain disallowances and MAT Credit not considered including interest	14,235	2011-12	Commissioner of Income Tax (Appeals), Meerut
Income Tax Act, 1961	Demand for income Tax on certain disallowances including interest	108	2012-13	Commissioner of Income Tax (Appeals), Meerut
Income Tax Act, 1961	Demand for TDS and Interest on TDS	19,831	2008-09 to 2013-14	Commissioner of Income Tax (Appeals), Noida

- (d) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

## INDEPENDENT AUDITORS' REPORT

- viii) The Company has no accumulated losses at the end of the financial period and it has not incurred cash losses (without considering exceptional items) in the current and immediately preceding financial year.
- ix) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to a bank. The Company did not have outstanding dues to any financial institutions and did not have any outstanding debentures during the period.
- x) According to the information and explanations given to us, the Company has given guarantee for loans taken by a subsidiary company from a bank, the terms and conditions whereof, in our opinion, are not prima-facie prejudicial to the interest of the Company. According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from financial institutions.
- xi) Based on the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- xii) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud on or by the Company has been noticed or reported during the period.

## NOTES TO FINANCIAL STATEMENTS

for period ended March 31, 2015

### 1. Nature of Operations

Spice Mobility Ltd (“the Company”) is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The Company, through its subsidiaries, is primarily engaged in the trading of Mobile handsets, IT products and their accessories and the Information and Communication Technology business providing Value Added Services to the Telecom Operators. The name of Company has been changed from S Mobility Limited to Spice Mobility Limited with effect from July 21, 2014.

### 2. Basis of preparation

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy explained below.

#### 2.1 Summary of significant accounting policies

##### Change in accounting policy

##### (a) Depreciation on fixed assets

Till the year ended June 30, 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in the following changes related to depreciation of fixed assets. Unless stated otherwise, the impact mentioned for the current period is likely to hold good for future years also.

##### i) Useful lives/ depreciation rates

Till the year ended June 30, 2014, depreciation rates prescribed under Schedule XIV were treated as minimum rates and the Company was not allowed to charge depreciation at lower rates even if such lower rates were justified by the estimated useful life of the asset. Schedule II to the Companies Act 2013 prescribes useful lives for fixed assets which, in many cases, are different from lives prescribed under the erstwhile Schedule XIV. However, Schedule II allows companies to use higher/ lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the financial statements.

Considering the applicability of Schedule II, the management has re-estimated useful lives and residual values of all its fixed assets. The management believes that depreciation rates currently used by the Company fairly reflect its estimate of the useful lives and residual values of fixed assets, though these rates in certain cases are different from lives prescribed under Schedule II.

Had the Company continued to follow the earlier useful life, the depreciation expense for the period would have been lower by Rs. 18,232 thousand and loss would have been lower by Rs. 18,232 thousand and the net block of fixed assets would have been higher by Rs. 18,232 thousand.

Till year ended June 30, 2014, to comply with the requirements of Schedule XIV to the Companies Act, 1956, the Company was charging 100% depreciation on assets costing less than Rs. 5,000/- in the year of purchase. However, Schedule II to the Companies Act 2013, applicable from the current year, does not recognize such practice. Hence, to comply with the requirement of Schedule II to the Companies Act, 2013, the Company has changed its accounting policy for depreciation of assets costing less than Rs. 5,000/-. As per the revised policy, the Company is depreciating such assets over their useful life as assessed by the management. The management has decided to apply the revised accounting policy prospectively from accounting periods commencing on or after 1 July 2014.

The change in accounting for depreciation of assets costing less than Rs.5,000/- did not have any material impact on financial statements of the Company for the current year.

##### (b) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management’s best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

##### (c) Tangible Fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises

# NOTES TO FINANCIAL STATEMENTS

for period ended March 31, 2015

purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

## (d) Depreciation on Tangible Fixed assets

i) Depreciation is provided using the straight line method as per the estimated useful lives of the assets estimated by the management. The Company has used the following rates to provide depreciation on its fixed assets :-

Particulars	Useful Life (Estimated by management)
Buildings	60
Plant and equipments	15
Furniture and fittings	10
Office equipments	5
Computers (excluding servers)	3
Servers (Included in Computers)	6
Vehicles	8

ii) Leasehold improvements are depreciated on straight line basis over the primary lease period ranging from 2-9 years or its useful life whichever is lower.

## (e) Intangible Fixed assets

Intangible Fixed Assets (Softwares) acquired separately are measured on initial recognition at cost. Such assets are amortised over their useful lives on straight line basis not exceeding six years.

## (f) Impairment

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the asset.

## (g) Leases

*Where the Company is lessee*

Leases, where the lessor effectively retains substantially all risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

*Where the Company is the lessor*

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Statement of Profit and Loss.

## (h) Investments

Investments that are readily realisable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

## (i) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

## NOTES TO FINANCIAL STATEMENTS

for period ended March 31, 2015

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current period and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the period in which the Company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

### (j) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

#### *Sale of goods*

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, which coincides with their delivery to the customers. The Company collects sales taxes and value added taxes (VAT) on behalf of the Government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

#### *Interest*

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

#### *Dividends*

Revenue is recognised when the Company's right to receive dividend is established by the balance sheet date.

#### *Income on Fixed Maturity Plan Investments*

Income on investments made in the units of fixed maturity plans of various schemes of mutual funds is recognised based on reasonable certain yield as at the balance sheet date.

### (k) Foreign currency translation

#### *Foreign currency transactions and balances*

#### (i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

#### (ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using

# NOTES TO FINANCIAL STATEMENTS

for period ended March 31, 2015

the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

(iii) Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

(iv) Forward exchange contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contract is amortized and recognized as an expense/ income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the year.

**(l) Retirement and other employee benefits**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The liability as at the year end represents the difference between the actuarial valuation of the gratuity liability of continuing employees and the fair value of the plan assets with the Life Insurance Corporation of India (LIC) as at the end of the year. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where the Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non current liability.

**(m) Segment reporting**

*Identification of segments*

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

*Segment accounting policies*

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

**(n) Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## NOTES TO FINANCIAL STATEMENTS

for period ended March 31, 2015

**(o) Provisions**

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

**(p) Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

**(q) Cash and cash equivalents**

Cash and cash equivalents in the cash flow statement comprise cash at bank and cash in hand and short term investments with the original maturity of three months or less.

**(r) Derivative instruments**

As per the ICAI Announcement, accounting for derivative contracts, other than those covered under AS-II, are marked to market on a portfolio basis, and the net loss is charged to the income statement. Net gains are ignored.

**(s) Measurement of EBITDA**

As permitted by the Guidance Note on the Revised Schedule VI to the Companies Act, 1956, the Company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. In its measurement, the Company does not include depreciation and amortization expense, finance costs and tax expense.

## NOTES TO FINANCIAL STATEMENTS

for period ended March 31, 2015

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

	Gratuity	
	31-Mar-15	30-Jun-14
Investments with insurer	100%	100%

The principal assumptions used in determining gratuity for the Company's plans are shown below:

	Gratuity	
	31-Mar-15	30-Jun-14
Discount rate	7.75%	8.50%
Expected rate of return on assets	9.15%	9.15%
Employee turnover		
- Upto 30 years	4.00%	4.00%
- 30-44 years	4.00%	4.00%
- Above 44 years	1.00%	1.00%
Mortality rate	As notified by LIC	

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the year over which the obligation is to be settled.

Gratuity obligation and plan assets at the end of current year and previous four years are as follows:

	31-Mar-15 Rs. '000	30-Jun-14 Rs. '000	30-Jun-13 Rs. '000	30-Jun-12 Rs. '000	31-Mar-11 Rs. '000

33. The Company has over the years invested Rs.3,328,375 thousand in its Multi brand Mobile Retail Store Business as investment in the equity share capital of two subsidiaries and the same was being carried in its books at cost. In view of the continuing losses of the said business and as a prudent accounting practice, the Company has taken a decision to provide fully for the said investment as diminution in value. The provision for diminution in the value of investments has been shown under exceptional items in the financial statements. However, the management continues to focus on growing the retail business and making it profitable on an ongoing basis.

The Company also has receivable by way of loans of Rs. 440,630 thousand (including interest of Rs.25,555 thousand) (Previous year Rs 2,424,090), trade receivables and advances of Rs. 75,210 thousand (Previous year Rs. 170,933 thousand) from these companies. The management is hopeful of realising the above amounts and accordingly no provision has been made there against.

34. The Company follows Accounting Standard (AS-22) - "Accounting for taxes on Income, notified by Companies (Accounting Standards) Rules, 2006, (as amended). Due to unabsorbed depreciation, brought forward losses and other timing differences, the Company has net deferred tax assets. Since there is no convincing evidence which demonstrates virtual certainty of realization of such deferred tax assets in the near future, the Company has not recognized the same.
35. Loans and advances in the nature of loans given to subsidiaries and companies in which directors are interested

36. Independent Non-Promoter (Spice Employee Benefit) Trust ('Trust') holds 11,901,752 (Previous year 11,901,752) Equity Shares of the Company as on 31st March, 2015, for the benefit of the employees of the Company, its associates and subsidiaries. These equity shares were transferred to the Trust pursuant to the Scheme of amalgamation of Spice Televentures Private Limited ('STPL'), at a value at which these equity shares were held in the books of STPL and the same was recorded as receivable from the Trust in the books of the Company. Amount recoverable from Employee Benefit Trust is in respect of these shares (net of amount received till date) as on March 31, 2015, Rs. 69,200 (Previous Year Rs. 73,200).

Trust has framed Share Reward Rules whereby certain shares held by the Trust may be transferred to eligible employees. The Company has been legally opined that the Share Reward Rules framed by the Trust are not covered under the ambit of employee welfare schemes of the Company as the said Rules have been framed by the Trust and not by the Company. Hence, the disclosure requirement under the Guidance Note on Accounting for Employee Share based payments issued by the Institute of the Chartered Accountants of India is not applicable to the Company.

37. **Disclosure required under Sec 186(4) of the Companies Act 2013**

**Included in loans and advances, the particulars of which are disclosed below as required by Section 186(4) of Companies Act, 2013**

# INDEPENDENT AUDITOR'S REPORT

## To the Members of Spice Mobility Limited (formerly known as S Mobility Limited)

### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Spice Mobility Limited** (formerly known as S Mobility Limited) (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associates, comprising of the consolidated Balance Sheet as at March 31, 2015, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the period then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

### Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on whether the Holding Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of consolidated the state of affairs of the Group and its associates as at March 31, 2015, of their consolidated loss and their consolidated cash flows for the year ended on that date.

### Report on Other Legal and Regulatory Requirements

## INDEPENDENT AUDITOR'S REPORT

### **Annexure referred to in paragraph I under the heading "Report on other Legal and Regulatory requirements" of our report of even date**

The Group, comprising Spice Mobility Limited (formerly known as S Mobility Limited) ('Holding Company') and its subsidiaries incorporated in India and to whom the provisions of the Order apply (together referred to as "the Covered entities" in this report)

#### **Re: Spice Mobility Limited (formerly known as S Mobility Limited) (the Company)**

- (i) (a) The Holding company and covered entities of the Group have maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets are physically verified by the management of the Holding Company and some covered entity during the year in accordance with a planned programme of verifying them once in two years, in case of a covered entity, fixed assets are physically verified by the management during the previous year in accordance with a planned programme of verifying them once in three years and in case of other covered entities, the fixed assets were physically verified by the management at reasonable intervals. No discrepancies were observed on such verification as compared to the book records. In our opinion, the frequency of physical verification is reasonable having regard to the size of the Holding Company and the nature of the assets.
- (ii) (a) The business of the Holding Company and few Covered entities of the Group does not involve inventories and, accordingly, the requirements under paragraph 4(ii) of the Order are not applicable to the Holding Company and few Covered entities of the Group. In case of other Covered entities of the Group, management has conducted physical verification of inventory at reasonable intervals during the year.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the covered entities of the group and the nature of their business.
- (c) The covered entities of the group are maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) The Holding Company and the covered entities of the Group have not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a) and (b) of the Order are not applicable to the Holding Company and the Covered entities of the Group and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us and as reported by the other auditors who audited the financial statements / financial information of certain entities of the Group having regard to the explanations that some items purchased are of unique and specialized nature and suitable alternative sources for obtaining comparable quotations are not readily available, there are adequate internal control system commensurate with the size of the Holding company and the Covered entities of the Group and the nature of its business, for the purchase of inventory and fixed assets and for the sale of goods and services, to the extent applicable to the nature of business of the Group. During the course of our audit, we have not observed any major weakness or continuing failure to correct any major weakness in the internal control system of the Holding company and the covered entities of the Group in respect of these areas.
- (v) The Holding Company and the Covered entities of the Group have not accepted any deposits from the public.
- (vi) To the best of our knowledge and as explained and as reported by the other auditors who audited the financial statements / financial information of certain covered entities of the Group, the Central Government has not specified the maintenance of cost records under clause 148(1) of the Companies Act, 2013, for the products/services of the Holding Company and the Covered entities of the Group.
- (vii) (a) The Holding Company and the Covered entities of the Group are generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, value added tax, cess and other material statutory dues applicable to it, however there is a slight delay in few cases in respect of a covered entity.
- (b) According to the information and explanations given to us, no undisputed amount payable in respect provident fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, value added tax, cess and other material statutory dues applicable to it were outstanding at the year end, for a period of more than six months from the date they became payable for the Group except for an amount of Rs. 546 thousand in respect of Chattisgarh entry tax payable for the years 2006-07 to 2007-08 (excluding Rs. 2,475 thousand for the years from 2008-09 to 2010-11 against which Covered entity has filed appeal with Deputy Commissioner of Commercial taxes (Appeals), Raipur);

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

- (a) Subsidiary through Hindustan Retail Private Limited
  - (b) Subsidiary through Spice Digital Limited
  - (c) Subsidiary through S GIC Pte Ltd.
  - (d) Subsidiary through Spice VAS (Africa) Pte Limited
  - (e) Management financial statements (unaudited) have been considered for consolidation.
  - (f) Financial statements for the nine months period ended March 31, 2015 considered for consolidation have been derived by deducting three months period figures of reviewed financial statements for the quarter ended June 30, 2014 to the figures of twelve months audited financial statement of the entities for the year ended March 31, 2015.
  - (g) An equity interest of 20% in the Company is held by a third party on behalf of Spice VAS (Africa) Pte Limited
  - (h) An equity interest of 35% in the Company is held by a third party on behalf of Spice VAS (Africa) Pte Limited
  - (i) Majority composition of the Board of Directors is with the Group, hence, the company has been consolidated as subsidiary company.
  - (j) These companies are under liquidation.
- (iii) The difference of the cost to the Parent Company of its investment in Subsidiaries over its proportionate share in the equity of the investee company as at the date of acquisition of stake is recognized in the financial statements as Goodwill or Capital Reserve, as the case may be.
  - (iv) In case of foreign subsidiaries, being non integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
  - (v) Minority Interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the Group's shareholders.
  - (vi) Minorities' interest in net profit / loss of consolidated subsidiaries for the period has been identified and adjusted against the profits in order to arrive at the net profits attributable to the shareholders of the Parent Company. Their share of net assets has been identified and presented in the Consolidated Balance Sheet separately. Where accumulated losses attributable to the minorities are in excess of their equity, in the absence of the contractual obligation on the minorities, the same have been accounted for by the Parent Company.
  - (vii) As far as possible, the Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Parent Company's separate financial statements. Differences in the accounting policies, if any, are disclosed separately.
  - (viii) The financial statements of the group entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent Company i.e. nine months period ended March 31, 2015.
  - (ix) Investments in associate companies have been accounted for by using the equity method of accounting whereby the investment is initially recorded at cost, identifying any goodwill/capital reserve arising at the time of acquisition. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the investor's share of net assets of the investee.

The details of associate companies (companies over which the Company exercises significant influence, which have been consolidated on "Equity Method") are as follows:

S. No	Name of Associate Company	Country name	Holding %	
			As at March 31, 2015	As at June 30, 2014
1	Vavia Technologies Private Limited*	India	26.00%	-
2	Anytime Learning Private Limited *	India	38.53%	-

\* Management financial statement (unaudited) have been considered for Consolidation.

### 3. Basis of preparation

The financial statements of the Group have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Group has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy explained below.

### 3.1 Summary of significant accounting policies

#### Change in accounting policy

##### (a) Depreciation on fixed assets

Till the year ended June 30, 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From the current year, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. The applicability of Schedule II has resulted in the following changes related to depreciation of fixed assets. Unless stated otherwise, the impact mentioned for the current period is likely to hold good for future years also.

##### i) Useful lives/ depreciation rates

Till the year ended June 30, 2014, depreciation rates prescribed under Schedule XIV were treated as minimum rates and the Company was not allowed to charge depreciation at lower rates even if such lower rates were justified by the estimated useful life of the asset. Schedule II to the Companies Act 2013 prescribes useful lives for fixed assets which, in many cases, are different from lives prescribed under the erstwhile Schedule XIV. However, Schedule II allows companies to use higher/ lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the financial statements.

Considering the applicability of Schedule II, the management has re-estimated useful lives and residual values of all its fixed assets. The management believes that depreciation rates currently used by the Group fairly reflect its estimate of the useful lives and residual values of fixed assets, though these rates in certain cases are different from lives prescribed under Schedule II. Had the Group continued to follow the earlier useful life, the depreciation expense for the period would have been lower by Rs. 28,304 thousand and loss would have been lower by Rs. 28,304 thousand and the net block of fixed assets would have been higher by Rs. 28,304 thousand.

Till year ended June 30, 2014, to comply with the requirements of Schedule XIV to the Companies Act, 1956, the Group was charging 100% depreciation on assets costing less than Rs. 5,000/- in the year of purchase. However, Schedule II to the Companies Act 2013, applicable from the current year, does not recognize such practice. Hence, to comply with the requirement of Schedule II to the Companies Act, 2013, the Group has changed its accounting policy for depreciation of assets costing less than Rs. 5,000/-. As per the revised policy, the Group is depreciating such assets over their useful life as assessed by the management. The management has decided to apply the revised accounting policy prospectively from accounting periods commencing on or after 1 July 2014.

The change in accounting for depreciation of assets costing less than Rs.5,000/- did not have any material impact on financial statements of the Group for the current year.

##### (b) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

##### (c) Tangible Fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of tangible asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing tangible assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

##### (d) Intangible Fixed assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the period in which the expenditure is incurred.

Intangible assets are amortized on a straight line basis over the estimated useful economic life. The Group uses a rebuttable presumption that the useful life of an intangible assets will not exceed 10 years from the date when the asset is available for use. Such intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS 5 Net Profit or Loss for the Period, Prior Period items and Changes in Accounting Policies.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

In case of a subsidiary, which is engaged in developing computer / mobile softwares for use by mobile / Internet Users, the cost of softwares, developed during the current financial year of Rs 8,357 thousand (Previous year Rs. 123 thousand ) has been capitalised as Intangible Asset as per Accounting Standard-26 on Intangible Assets notified by Companies Accounting Standard Rules, 2006 (as amended) when the Company can demonstrate all the following :-

1. The technical feasibility of completing the intangible asset so that it will be available for use or sale
2. Its intention to complete the asset
3. Its ability to use or sell the asset
4. How the asset will generate future economic benefits
5. The availability of adequate resources to complete the development and to use or sell the asset
6. The ability to measure reliably the expenditure attributable to the intangible asset during development

The expenditure have been determined on the basis of actual time spent by the technical persons on each software and technical / marketing evaluation basis. The expenditure have been appropriated from software development account where such cost are being debited when incurred by way of Salaries and other administrative expenses.

Intangibles assets acquired from outside are amortized using the Straight Line Method over their estimated useful lives as follows:

Intangible Assets	Estimated Useful Life (Years)
Computer Software – SAP (ERP) and Sites	5 years
Intellectual Property Rights	5 years
In- house developed software	5 years
Computer Software – Office	3 years

### (e) Goodwill

Goodwill represents the difference between the Parent Company's share in the net worth of the subsidiary company and the cost of acquisition at the time of making the investment in the subsidiary company. For this purpose, the Parent Company's share of net worth of the subsidiary company is determined on the basis of the latest financial statements of the subsidiary company prior to acquisition, after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Goodwill has been tested for impairment using the cash flow projections, which are based on most recent financial budgets/ forecasts approved by the management.

### (f) Depreciation on fixed assets and amortisation on intangible fixed assets

- i) Cost of leasehold land is amortised on straight line basis over the period of lease ranging from 18 - 90 years or their useful lives whichever is lower.
- ii) Leasehold improvements are depreciated on straight line basis over the period of lease ranging from 1 - 7 years or their useful lives whichever is lower.
- iii) Intangibles including computer software (excluding installed at site as mentioned in (vii) below), trademarks, goodwill and website development costs are amortised over their estimated useful lives of three years on straight line basis.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

- iv) In respect of three subsidiaries, accelerated depreciation on leasehold improvements/ furnitures and fixtures related to stores/ warehouses under closure is calculated over the notice period of respective lease of the leased premises.
- v) Intellectual Property Rights and computer software and hardware installed at site by some of the subsidiaries (including step subsidiaries) are amortised over a period of five years.
- vi) Costs incurred towards in-house Software Development are charged to Statement of Profit and Loss as and when incurred except in case of two subsidiary where it is recognized and capitalized in the books of account as "Intangible Assets". The cost of developed software is determined on the basis of actual time spent by the technical persons on each software and capitalized on technical/marketing evaluation basis. Such in-house developed software are amortised on straight line basis over a period of three years. (7.14% (previous year Nil%) of net block of intangible assets at Spice Group as at March 31, 2015 and 3.53% (previous year 39.21%) of total amortization expense for the Spice Group for the period ended March 31, 2015)
- vii) Depreciation on all fixed assets other than leasehold land, by one subsidiary is provided on written down value basis as per the useful lives of the assets estimated by the management which are equal to the rates prescribed under Schedule II of the Companies Act, 2013. (4.85% (previous year 4.61%) of total Net Block of tangible fixed assets at Spice Group as at March 31, 2015 and 1.19% (previous year 1.13%) of total depreciation expenses for the Spice Group for the period ended March 31, 2015).
- viii) Except in case of one subsidiary as mentioned in (viii) above, depreciation on all other assets is provided using the straight line method as per the useful lives of the assets estimated by the management, or at the rates prescribed under Schedule II of the Companies Act, 2013, whichever is higher.
- ix) In respect of Hindustan Retail Private Limited and its subsidiaries, depreciation is provided on straight line method as per the useful lives of the assets estimated by the management, which are as follows.

Asset Class	Rates (SLM)
Plant and Machinery	6.33%
Computers (other than servers etc)	31.67%
Servers	15.84%
Furniture and Fittings	9.5% - 11.88%*
Office Equipments	19.00%
Mobile Handsets (included under office equipments)	50%*

\* Hindustan Retail Private Limited and its subsidiaries consider lower useful life than the life prescribed in Schedule II as per their estimate.

- x) In respect of Spice Digital Limited and its subsidiaries excluding overseas subsidiaries, depreciation is provided on straight line basis as per the useful lives estimated by the management, which are as follows:

Asset Class	Rates (SLM)	Schedule II Rates (SLM)
Computers	19% - 31.67%	15.83% - 31.67%
Furniture and Fittings	13.57%	9.50%
Office Equipment	19% - 31.67%	19.00%
Vehicle - Motor Bus	13.57%	13.57%
Motor Vehicle (others)	11.88%	11.88%

In respect of some overseas subsidiaries of Spice Digital Limited, depreciation is provided on straight line basis as per the useful lives estimated by the management, which are as follows:

Assets Class	Useful life	Rate (SLM)
Computers	3-5 Years	20%- 33%
Furniture and Fitting	3-7 Years	13.57% - 33.33 %
Office Equipments	3-7 Years	13.57%- 31.67%
Motor Vehicle (others)	10 Years	9.5%-10%

### (g) Impairment

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future, cash flows are discounted to their present value using a pre-tax discount rate that reflects current market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations, including impairment on inventories are recognized in the statement of profit and loss, except for previously revalued tangible fixed assets, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognized in the revaluation reserve up to the amount of any previous revaluation.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase.

### (h) Leases

*Where the Spice Group is lessee*

Leases, where the lessor effectively retains substantially all risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

*Where the Spice Group is the lessor*

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the Statement of Profit and Loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the Statement of Profit and Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the Statement of Profit and Loss.

### (i) Investments

Investments that are readily realisable and intended to be held for not more than one year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

### (j) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### (k) Inventories

Components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on transaction moving weighted average method.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

Traded Goods are valued at lower of cost and net realizable value. Cost is determined on transaction moving weighted average method. In case of a subsidiary company, cost is determined on first in first out basis. (0.22% (previous year 0.48%) of total inventories of traded goods at Spice Group as at March 31, 2015).

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

### (l) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

#### **Sale of goods**

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, which coincides with their delivery to the customers. The Group collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the Group. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

#### **Sale of Telecom Related Software**

Revenue is recognised at the time when the "User Acceptance Test Certificate" is received from the customer.

#### **Income from Services**

Revenue from value added services are recognized at the end of each month in which the services are rendered. The Group collects service tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Group. Hence, it is excluded from revenue.

#### **Interest**

Revenue is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

#### **Dividend**

Revenue is recognised when the Group's right to receive dividend is established by the balance sheet date.

#### **Income on Fixed Maturity Plan Investments**

Income on investments made in the units of fixed maturity plans of various schemes of mutual funds is recognised based on reasonable certain yield as at the balance sheet date.

### (m) Foreign currency translation

*Foreign currency transactions and balances*

#### (i) Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

#### (ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

#### (iii) Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting Group's monetary items at rates different from those at which they were initially recorded during the period or reported in previous financial statements, are recognised as income or as expenses in the period in which they arise.

#### (iv) Forward exchange contracts not intended for trading or speculation purposes

The premium or discount arising at the inception of forward exchange contract is amortized and recognized as an expense/ income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognized as income or as expense for the period.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

### (v) Translation of integral and non-integral foreign operation

The Group classifies all its foreign operations as either “integral foreign operations” or “non-integral foreign operations.”

The financial statements of an integral foreign operation are translated as if the transactions of the foreign operations have been those of the Group itself.

The assets and liabilities of a non-integral foreign operation are translated into the reporting currency at the exchange rate prevailing at the reporting date. Their statement of profit and loss are translated at exchange rates prevailing at the dates of transactions or weighted average weekly rates, where such rates approximate the exchange rate at the date of transaction. The exchange differences arising on translation are accumulated in the foreign currency translation reserve. On disposal of a non-integral foreign operation, the accumulated foreign currency translation reserve relating to that foreign operation is recognized in the statement of profit and loss.

When there is a change in the classification of a foreign operation, the translation procedures applicable to the revised classification are applied from the date of the change in the classification.

### (n) Retirement and other employee benefits

Retirement benefit in the form of provident fund and national pension scheme are defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund and national pension scheme. The Company recognizes contribution payable to the provident fund scheme and national pension scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

- (i) In respect of the Group, retirement benefit in the form of gratuity is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred.

The Parent Company and two of the subsidiaries have taken insurance policy under the Gratuity scheme with the Insurers to cover the gratuity liability of the employees. The liability as at the year end in respect of these companies represents the difference between the actuarial valuation of the gratuity liability of continuing employees and fair value of plan assets with the insurers as at the end of the year.

- (ii) Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Group presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

### (o) Income Taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Group operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situation where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

In the situations where the Group is entitled to a tax holiday under the Income Tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

timing differences which reverse during the tax holiday period, to the extent the Group's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognised in the year in which timing differences originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

At each reporting date, the Group re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the period in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

### (p) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period/year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period/year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period/year attributable to equity shareholders and the weighted average number of shares outstanding during the period/year are adjusted for the effects of all dilutive potential equity shares.

### (q) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

### (r) Warranty

Warranty costs on mobile handsets are provided on an accrual basis, taking into account the past trend of warranty claims received by the Group, to settle the obligation at the balance sheet date.

### (s) Segment reporting

#### **Identification of segments**

The Spice Group's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on geographical location of the customers.

#### **Intersegment Transfers**

The Spice Group generally accounts for inter-segment sales and transfers as if the sales or transfers were to third parties at current market prices.

#### **Allocation of common costs**

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the nine months period ended March 31, 2015

### **Unallocated items**

The unallocated items include general corporate income and expense items which are not allocated to any business segment.

### **(t) Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

### **(u) Cash and cash equivalents**

Cash and cash equivalents in the cash flow statement comprise cash at bank and cash in hand and short term investments with the original maturity of three months or less.

### **(v) Derivative instruments**

As per the ICAI Announcement, accounting for derivative contracts, other than those covered under AS-11, are marked to market on a portfolio basis, and the net loss is charged to the statement of profit and loss. Net gains are ignored.

### **(w) Government Grants and Subsidies**

Grants and subsidies from the government are recognized when there is reasonable assurance that the grant/subsidy will be received and all attached conditions will be complied with.

Government grants of the nature of promoter's contribution are credited to capital reserve and treated as a part of the shareholder's funds.

### **(x) Measurement of EBITDA**

As permitted by the Guidance Note on the Revised Schedule VI to the Companies Act, 1956, the Group has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The Group measures EBITDA on the basis of profit/ (loss) from operations. In its measurement, the Group does not include depreciation and amortization expense, finance costs and tax expense.

### 34. Contingent Liabilities

Particulars	31-Mar-15 (Rs. '000)	30-Jun-14 (Rs. '000)
<b>Demand and claims from Government Authorities*</b>		
<b>Demand from Excise/ Service Tax Authorities</b>		
a) Demand raised by the Excise Authorities. The Parent Company has deposited Rs.2,000 thousand (Previous year Rs.2000 thousand) under protest and the same has been included in note no. 16 under balances with statutory/ government authorities.	66,263	66,263
b) Demand in respect of non charging the service tax on the Short messaging peer-to-peer service including penalty thereon, (including Rs 8,600 thousand (previous year Rs. 8,600 thousand) paid under protest which is appearing in note no. 16 under balances with statutory/ government authorities.)  The management is of the view that it is an 'information technology service' and thus is exempt from the service tax. Based on discussions with the solicitors, the management believes that the Company has a good chance of success in the above mentioned case and hence, no provision there against is considered necessary.	105,026	102,639
c) Demand in respect of non-registration of corporate office as a input service distributor and availment of input service CENVAT credit.  The management is of the view that since it is having central registration so there is no requirement for separately registering the corporate office as input service distributor.	28,296	26,873
d) Show cause notice in respect of non-payment of service tax on unbilled revenue  The subsidiary company is of the view that the service tax liability becomes payable only on the actual billing i.e. on actualization of the unbilled revenue.	58,430	58,430
e) Show cause notice in respect of wrong availment of input service tax credit on various expenses  The subsidiary company is of the view that the service tax are in relation to the output services provided and service tax paid hence can be availed.	5,666	5,666
<b>Demand from Sales Tax Authorities *</b>		
a) Various Sales Tax Demands	339,304	103,554
b) The Hon'ble Supreme Court of India vide its order dated December 17, 2014 on the judgment in case of State of Punjab Vs. Nokia India Pvt. Ltd. has held that sales tax on battery charger sold along with mobile phone should be charged at sales tax rate applicable to chargers, which is higher than the sales tax rate applicable to mobile phones in few states. A subsidiary of the Company has received a demand towards differential sales tax from one of the state, no effect has been given on the financial statements on account of above judgment. The Group is currently evaluating the above judgment, since the reliable estimate of the liability cannot be made.	<b>Amount unascertainable</b>	-
<b>Demand from Income Tax Department *</b>		
Income Tax Demand being disputed by the Parent Company. The Income Tax Department has adjusted refund of subsequent year with the demanded amount.	152,716	150,167
Income Tax Demand in subsidiaries companies	636	1,815
Penalty under Foreign Trade (Development and Regulation) Act, 1992, on account of non fulfillment of export obligation *	40,860	40,860
Various other claims against the Parent Company and a subsidiary not acknowledged as debts *	13,910	11,443

\* As per the management, the Group has fair chances of success in all these cases and hence no provision in respect thereof has been made in the books.

37. Consequent to the adoption of the Accounting Standard 22 'Accounting for taxes on Income', the Parent Company and some of the subsidiary companies have a net deferred tax asset comprising of carry forward of losses and unabsorbed depreciation under tax laws. However, as the subsequent realization of such asset is not virtually certain in the near future, the management is of the view that it is prudent not to recognize deferred tax assets. Accordingly, no deferred tax asset has been recognised by these entities.
38. The consolidated financial statements carried a goodwill of Rs. 1,948,210 thousand pertaining to retail business of devices segment. In view of the continuing losses by the said retail business, the Board of Directors in its meeting held on February 10, 2015 had taken a decision to impair the said goodwill. The said amount of impairment has been shown under exceptional items in the consolidated financial results. However, the management continues to focus on growing the retail business and making it profitable on an ongoing basis.
39. During the period ended March 31, 2015, a subsidiary of the Company, has paid a sum of Rs.400,000 thousand as one time compensation for Disbanding the Brand Sub License agreement entered into with Spice Entertainment Ltd in April 2010 for use of certain brand logo(s) against which it was paying Brand Fee. The above amount has been shown as part of exceptional items.
40. The asset of Rs. 166,685 thousand (Previous Year Rs. 180,822 thousand) recognized by some of the subsidiaries of the Company as 'MAT Credit Entitlement' under 'Loans and Advances', in respect of MAT payment for earlier years, represents that portion of MAT liability which can be recovered and set off in subsequent periods based on the provisions of Section 115JAA of the Income Tax Act, 1961. The management based on the present trend of profitability and also the future profitability projections, is of the view that there would be sufficient taxable income in foreseeable future, which will enable the respective group companies to utilize MAT credit assets.

42. Independent Non-Promoter (Spice Employee Benefit) Trust ('Trust') holds 11,901,752 (Previous year 11,901,752) Equity Shares of the Parent Company as on 31st March, 2015, for the benefit of the employees of the Parent Company, its associates and subsidiaries. These equity shares were transferred to the Trust pursuant to the Scheme of amalgamation of Spice Televentures Private Limited ('STPL'), at a value at which these equity shares were held in the books of STPL and the same was recorded as receivable from the Trust in the books of the Company. Amount recoverable from Employee Benefit Trust is in respect of these shares (net of amount received till date) as on 31st March, 2015 Rs. 69,200 (Previous year Rs. 73,200). Trust has framed Share Reward Rules whereby certain shares held by the Trust may be transferred to eligible employees. The Parent Company has been legally opined that the Share Reward Rules framed by the Trust are not covered under the ambit of employee welfare schemes of the Parent Company as the said Rules have been framed by the Trust and not by the Parent Company. Hence, the disclosure requirement under the Guidance Note on Accounting for Employee Share based payments issued by the Institute of the Chartered Accountants of India is not applicable to the Parent Company.
43. A fraud has been committed in one of the step down overseas subsidiary of the Company, estimated amount being Rs. 28,057 thousand against which, as a matter of prudence, a provision of Rs. 9,352 thousand has been taken in the financials. The matter has already been taken up with the concerned agency for recovery.
44. Current year's accounts are prepared for the nine months period from July 1, 2014 to March 31, 2015. Previous year accounts were for the full year, i.e., from July 1, 2013 to June 30, 2014. Hence, current period's figures are not comparable with those of the previous year. Previous year's figures have been regrouped / reclassified wherever considered necessary to confirm to current period's figures.

## STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

### Item No. 4

Mr. Suman Ghose Hazra was appointed as an Additional Director in the category of Independent Director of the Company with effect from 7<sup>th</sup> May, 2015. In accordance with the provisions of Section 161 of the Companies Act, 2013, Mr. Hazra shall hold office upto the date of this Annual General Meeting.

Pursuant to the provisions of Section 149 of the Companies Act, 2013 an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company and shall not be liable to retire by rotation.

Mr. Suman Ghose Hazra has given his consent for appointment as a Director of the Company and has confirmed that he is not disqualified from being appointed as a Director under Section 164 of the Act. The company has also received a declaration to the effect that he meets the criteria of independence as provided under Section 149(6) of the Companies Act, 2013 and Clause 49 of the Listing Agreement.

The Nomination and Remuneration Committee of the Company has recommended the appointment of Mr. Suman Ghose Hazra as Independent Director of the Company for a period of five years whose period of office will not be liable to determination by retirement of directors by rotation. The Board of Directors has, subject to the approval of the shareholders, appointed him as an Independent Director for a period of five years.

In the opinion of the Board, Mr. Suman Ghose Hazra fulfills the conditions specified in the Act and the Rules made thereunder for appointment as Independent Director of the Company and that his appointment is independent of the management. The Board is of the view that looking at the qualifications, experience and expertise of Mr. Hazra, it would be in the best interest of the Company if he is appointed as Independent Director of the Company. Accordingly, the Board recommends the resolution for approval of the member of the Company.

Notice has been received from a member of the Company along with the requisite deposit of Rupees One Lakh proposing his candidature as Director of the company. Accordingly, it is proposed to appoint Mr. Suman Ghose Hazra as Independent Director under Section 149 of the Act and Clause 49 of the Listing Agreement for a term of 5 (five) years w.e.f 7<sup>th</sup> May, 2015.

Copy of the letter of appointment of Mr. Suman Ghose Hazra as Independent Director of the Company setting out the terms and conditions of his appointment would be available for inspection without any fee by the members at the Registered Office of the Company on all working days, except Saturdays, Sundays and holidays, during business hours.

No Director (other than Mr. Suman Ghose Hazra himself) and Key Managerial Personnel and their relatives, is in any way concerned or interested in this resolution.
